

Procedure for Requesting and Sharing Medical Records

Purpose: To provide a clear and efficient process for patients to request copies of their medical records and share them with other healthcare providers.

Scope: This procedure applies to all patients and healthcare providers within our medical practice.

Procedure:

1. Requesting Medical Records:

○ Patient Request:

- Patients can request their medical records by emailing the healthcare provider's office.
- The email should include the patient's full name, date of birth, and specific records requested (e.g., lab results, imaging reports, visit summaries).
- Patients should also provide a reason for the request and any deadlines for receiving the records.

○ Provider Response:

- Upon receiving the request, the healthcare provider's office will acknowledge receipt within 2 business days.
- The office will verify the patient's identity to ensure privacy and confidentiality.
- The requested records will be prepared and sent to the patient within 10 business days, unless otherwise specified.

2. Sharing Medical Records with Another Provider:

○ Patient Authorization:

- Patients must provide written authorization to share their medical records with another healthcare provider.
- The authorization should include the patient's full name, date of birth, the receiving provider's name and contact information, and the specific records to be shared.

○ Provider Action:

- Upon receiving the authorization, the healthcare provider's office will verify the patient's identity.

- The office will prepare the requested records and send them securely to the receiving provider within 5 business days.
- A confirmation email will be sent to the patient once the records have been shared.

3. Fees and Charges:

- There is a \$15 nominal fee for copying and sending medical records, as permitted by law.
- Patients will be informed of any applicable fees before the records are processed.

4. Confidentiality and Security:

- All medical records will be handled in accordance with HIPAA regulations to ensure patient privacy and confidentiality.
- Records will be transmitted securely to prevent unauthorized access.

Contact Information: For any questions or concerns regarding medical records, patients can contact the healthcare provider's office at admin@M365x23241707.onmicrosoft.com or call 555-867-5309.
